Early to Rise - Boot Camp (3 Days)

The Early-to-Rise (ETR) component of the Strategic Profits “Live” program will infuse participants with some of the broad principles of success that serve as a strong foundation upon which to build, or expand, your business and help you identify with crystal-clear clarity what it is that you want to achieve. The primary goal is to get you to understand something, remember something, realize something and (ultimately) do something that will make you healthier, wealthier and even wiser every day of the year.

What’s stopping you from making \$100,000 a year? (Or a million dollars a year, for that matter?) What’s stopping you from becoming a doctor? What’s stopping you from getting your book published or your play produced or your art hung in a gallery? You’ll come away with a strong foundation of knowledge based upon the concept that success is a lifetime process. You’ll leave with ideas and steps that will help you create, develop and execute your very own success-strategies to achieve ALL of your life goals.

During the ETR two-day program you’ll hear from the company’s founder and president, Michael Masterson and success executive, Mary Ellen Tribby.

Michael Masterson has developed a loyal following through his writings in **Early to Rise**, an e-newsletter published by Agora, Inc. that mentors more than 160,000 success-oriented individuals to help them achieve their financial goals. Masterson has been making money for himself and others for almost four decades. At one time or another, he has owned and managed multi-million dollar companies that were either public/private, onshore/overseas, local/international, service-/product-oriented, retail/wholesale/direct mail, and even profit/not-for-profit.

Masterson is the author of the Wall Street Journal best sellers *Seven Years to Seven Figures: The Fast Track Plan to Becoming a Millionaire*; *Automatic Wealth: The Six Steps to Financial Independence*; *Automatic Wealth for Grads... and Anyone Else Just Starting Out*; *Power and Persuasion: How to Command Success in Business and Your Personal Life* (all published by John Wiley & Sons); and *Confessions of a Self-Made Millionaire*.

MaryEllen Tribby joined the Early To Rise team just this past May as Publisher/CEO. Ms. Tribby brings over 20 years of publishing and business experience. After graduating from New York’s prestigious NYU, she accepted a position at New York’s PBS station *WNET/Thirteen* where her marketing passion was ignited. From there she went to *Times Mirror Magazines*, one of the largest publishing companies in the nation. Later she was recruited to manage a division of *Forbes*.

From there her corporate resume includes *Crain’s New York Business*, *Globe Communications* and most recently *Weiss Research* where she served as President. As a publisher, Ms. Tribby is determined to provide the finest research, content and products as well as partner with and hire only superlative people in the industry.
